Bear Lake Valley (short drives):

This includes all property managers that have properties within the Bear Lake Valley usually within a 15 minute drive. Include larger properties if attendee is wanting to bring family and make it a family getaway at Bear Lake. A complete listing of all lodging partners is listed at BearLakeChamber.com under business directory and under the Lodging category.

We would encourage you to book directly with our chamber members in lieu of Airbnb and VRBO and others. It most often is less expensive due to the elimination of those platform fees and the terms of stay are typically the same.
